

# Memorandum for Record

---

**Date:** Tuesday, January 22, 2008  
**From:** Ed Pomelear  
**RE:** January 2006 Mission Meeting Minutes

---

The written minutes of the mission business meeting held in Lincoln, Montana on January 20, 2006 have been lost—accidentally erased from my computer before I uploaded the document onto the Web site. Therefore, I invite members who were at the meeting to assist in reconstructing events and business matters that occurred.

This memo, which I will update as needed with input from you will serve as the written record of the events. So write or call me about anything you remember. If anyone recalls events differently, please also feel free to contact me.
